### GENERAL CONSTRUCTION

- All construction work shall be done in accordance with the current version of the Idaho Standards for Public Works Construction (IS-PWC).
- Contractors shall notify the appropriate agency when materials are on site or inspection of the work is required. No work may begin on any project without Twenty Four (24) hour prior notice.
- All material furnished on, or for the project must meet the minimum requirements of the approving agencies. At the request of the approving agency or the Design Engineer, Contractors shall furnish a material test report on this project meet the specification requirements set forth in General Construction Note No. 1.
- Work subject to approval by any governmental agency must be approved prior to (A) backfilling trenches for pipe; (B) placing of aggregate base; (C) placing of concrete; (D) placing of asphalt paving.
- Any deviation from the approved plans and specifications must have the applicable agency approval in writing prior to construction.
